## REMARKS

The Examiner rejected claims 2-4 and 10 as being dependent upon a rejected base claim but indicated that these claims would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Accordingly, the limitations of dependent claim 2 have been incorporated into independent claim 1, thereby making independent claim 1 allowable, and dependent claim 2 has been canceled. In amending claim 1 to incorporate the limitations of dependent claim 2 therein, the term "moving" has been replaced with "acting". This is not believed to add new matter or raise any new issues. Dependent claim 3 has been amended to correct an informality noticed in the preparation of this amendment and response and is not believed to add new matter or raise any new issues.

Dependent claims 3-5 depend from independent claim 1 and are therefore also allowable.

Similarly, the limitations of dependent claim 10 have been incorporated into independent claim 6, thereby making independent claim 6 allowable, and dependent claim 10 has been canceled.

In dependent claims 7 and 8, the term "moving" has been replaced with "acting". This is not believed to add new matter or raise any new issues.

Dependent claims 7-9 and 11 depend from independent claim 6 and are therefore also allowable.

Independent claim 12 has been canceled.

As the double patenting rejection was a provisional obviousness-type rejection, it is believed that no response thereto is required.

## CONCLUSION

Therefore, it is respectfully submitted that claims 1, 3-9, and 11 are now allowable and such action is respectfully requested. If the Examiner has any questions that can be answered by telephone, please contact the undersigned attorney of record at the telephone number listed below.

Respectfully submitted,
POWELL GOLDSTEIN LLP
